

In My Own Words

A Closer Look at My Top Five CliftonStrengths

Like an effective team, the whole is greater than the sum of the parts. Our themes are like this too. We get more from them together than we would ever get from each theme by itself.

Using your top five report, combine your five themes into a paragraph that describes you. Think of it as a new way to describe yourself and understand how your themes work together.

Example: Luisa's top five themes are Maximizer, Strategic, Achiever, Learner and Individualization.

My name is Luisa. I love to take something that is good and make it better (Maximizer). To do that, I look to people (Individualization) to help me learn more about the situation or matter at hand (Learner). Once I get to know the people who can help me (Individualization) and hear their ideas (Learner), I can sort the best ideas from the rest (Strategic and Maximizer) and make a checklist of everything that has to be done (Achiever). When I get to make things better, I can offer my best every day.
